

This may be one of the hardest rosters I have had to come up with to date. We have a very deep team and many that are deserving, certainly a good problem to have. However, I had to really go based on several factors in coming up with the rosters. For those that are traveling and running in the open race, look at it as an opportunity and take advantage of it. For those that are not traveling this week, you will have a time trial on Friday morning at 6:00AM at our school. Everyone should have a time this week, either at the meet or from the time trial on Friday. We still have 8 spots to fill (TBD below) for Thursday and will pick based on how practice goes this week, come earn your spot...
